## Internship questions (short answers)

Why have you chosen a degree in music therapy?

Why are you interested in an internship at Prisma Health Children's Hospital in the Midlands?

What do you look for in a supervisor?

What do you hope to learn or gain from this experience?

In this hospital setting, music therapy is actively involved with difficult situations (ex.: traumas, terminal illness and end of life). In what ways would you cope with a difficult situation that is new to you or hard to process?

What other internship programs have you applied to?
